

Because of its extra-wide output and rugged construction, **TecNiq's E10** has quickly become the "**Swiss Army Knife**" of the lighting industry. Using TecNiq's proprietary urethane potting compound this light is sealed to handle the most extreme environments (Shown with separate mounting bracket). Originally developed to meet the NFPA regulations for a ground light, this super-bright LED light has found uses as a pump panel light, a loading light, a back-up light and a flood light.

See www.TecNiqInc.com for more details and a complete list of part numbers.

E10

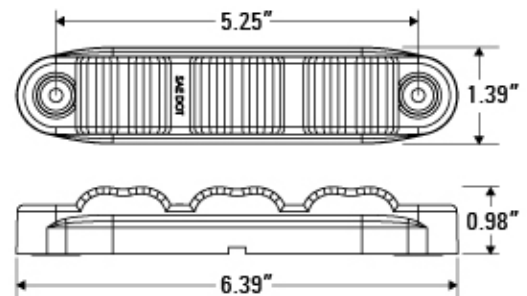

GROUND PUMP PANEL LIGHT

Technical features

- ✦ Extra wide area of illumination (120° x 50°) covers many applications: task lighting, load lamp, ground lighting, panel lighting, and more
